A message from Dr. Steven J. Landry

Peter & Angela Dal Pezzo Chair and Department Head

Congratulations on graduating in a year where you faced challenges that no other graduate has ever faced! You have experienced an entire year of mostly remote instruction during a global pandemic, something that would not have even been possible 10 years ago. Despite all these challenges, you have persevered and should be incredibly proud of all your accomplishments.

We look forward to hearing from you about your successes in the coming years!

Congratulations!

To my friends, leaving this place will be hard because of you, because you brought me such joy, laughter, and pure happiness. Never again will life be this easy, this pretty, this effortless, cause never again will I be surrounded by you, my second family, my support system. You have no idea how much you've taught me. Thank you for the best 4 years, for the best memories, and for being the best of friends.

To my family, spending 4 years apart was not easy but somehow you till managed to be present and support me every step of the way.

To my mom, I owe you everything! I have no words to describe how grateful I am for this life changing experience; this was the greatest gift you could ever give me! I love you.
